SnowPro Wash NFT - Whitepaper

SnowPro Wash NFT - Whitepaper

Version 1.0 | June 2025

Introduction

SnowPro Wash is a pioneering real-world business that merges traditional motorcycle washing services with blockchain technology. By leveraging Non-Fungible Tokens (NFTs), we offer supporters the opportunity to invest in and earn from our snow foam-based, touchless motorcycle wash system in Indonesia. Our goal is to provide premium motorcycle care while offering NFT holders a share of our real-world success.

Vision & Mission

Vision:

To become the most innovative and trusted motorcycle wash brand that integrates blockchain technology with real-world utility.

Mission:

- Deliver high-quality, touchless motorcycle wash services using eco-friendly snow foam.
- Offer investors real-world passive income through NFT ownership.
- Educate the local community about blockchain adoption in practical businesses.

Problem & Solution

The Problem:

Traditional motorcycle wash services use basic soap, limited equipment, and offer no added value or loyalty. Many operate without transparency or modern business practices.

Our Solution:

- Use snow foam and modern pressure washing equipment.
- Add premium tire shine finishing.
- Transparent profit sharing with NFT holders.
- NFT system for community funding and engagement.

SnowPro Wash NFT - Whitepaper
